Pelican's Travel Bottles will keep you hydrated for hours of hiking, climbing, camping or working out. With their 304 (18/8) stainless steel design, double wall vacuum seal and interior copper lining, your drinks will stay warm up to 12 hours and cold for 24. Whether you're on the mountainside all day or enjoying a leisurely hike on the trails, these bottles with powder coat finish will stay dry and cool to the touch, and their integrated carrying handle in the leak-proof lid will easily attach to any pack. These BPA-free water bottles make the ideal gift for all your adventurous clientele. Guaranteed for life.
