- Side Carry Handles (PL3001 and PL3002 only)

Offering a convenient and lightweight alternative to hard coolers, The Pelican™ Elite Soft Cooler is adventure ready. This soft cooler is durable, easy to carry, waterproof, leakproof, and the high-density closed cell foam insulation helps keep ice solid for multiple days. This cooler comes in 12, 24 and 48-can capacities. It features a wide-mouth zipper which creates a leak proof seal, buckle straps for added strength, and a compression molded anti-slip base. The 24 and 48-can varieties offer stainless steel tie-down buckles with bottle openers, daisy chain accessory loops lining the front and back, and convenient side carry handles. All coolers have heavy-duty D loops for extra carrying options on each side, and feature a small, convenient waterproof pocket for essential on the front.
