WORK-HYBRID I DUFFEL/BACKPACK

New

as low as **$68.99**

- Heavy-Duty 420D Polyester Construction w/ 210D Interior Lining
- Honeycomb and Camouflage Design
- Detachable Padded Shoulder Strap, Padded Carry Handles
- Concealed Backpack Strap System w/ Chest Strap
- End Carry Handle for Easy Maneuverability
- 2 Side Zippered Compartments for Shoes and Wet Clothes
- Side Zippered Pocket w/ Both Mesh and Interior Zippered Pockets
- Top EVA Compartment w/ Lockable Zippers for Valuables
- Bottom Zippered Compartment for Fresh Clothes and Other Items

The fully-lined Work Hybrid I duffel bag is made of 420D polyester dobby with 210D polyester lining. It features a honey comb design pattern on top and either end, as well as a subtle all black camouflage pattern on the side and bottom. A top loading, large zippered compartment is flanked on either end with side zippered pockets. One side pocket is large enough for shoes and the other side pocket is a wet compartment with built-in breathing holes. A smaller EVA compartment adorns one side and is perfect for smartphones and other valuable objects. The bottom features a large, flat zippered compartment which runs the length of the bag; ideal for a fresh change of clothes after a hard workout at the gym. A slightly smaller zippered compartment on the bottom reveals a backpack strap system which can be used when you need to strap this durable bag on and move.
